For the Year ended December 31st, 1936.

Although the average number of cots in daily occupation (55) was higher than in the previous year (52) the actual number of children treated (148) was 20 less, the average length of stay of each child having risen from 163 to 223 days, or from about five-and-a-half to seven months.

The work of the Hospital was again hampered by occasional periods of quarantine, which delayed or prevented admissions from time to time, though happily, not to so great an extent as in 1935.

Finance.—Expenditure.

The Ordinary Expenditure at Cheyne Hospital was slightly more than in the previous year, £7,564 compared with £7,469, but the increase of £95 is more than accounted for by an item of over £200 under the heading of "Repairs," in respect of the painting of the exterior of the Hospital, which cannot be accurately classified as an 'annual' expenditure.

Considerable improvement has been effected by the enlargement of the open-air balcony to Clementine Ward by incorporating the area previously occupied by an adjoining bedroom.

Important alterations have also been made in the Dispensary, the interior fittings of which have been removed and replaced in accordance with modern requirements, at a cost of nearly £200.

Acknowledgment is again made to the Winter Distress League for their helpful co-operation in the carrying out of interior re-decorations at very moderate cost.

The average cost per patient has decreased by 2/9d. per week, *i.e.*, from £2 14s. 9½d. to £2 12s. 0½d., but owing to the smaller number of children treated, the average total cost of each patient has risen from £63 16s. 9d. to £83 2s. 5d.

Income.

Ordinary Income rose from £7,333 to £7,694, the most pleasing feature being an increase of over £200 in Annual Subscriptions—a source of Income which has

been inadequate for many years and still requires enlargement. The improvement recorded is chiefly due to generous gifts by Mrs. Simon Marks, one of the Hospital's Vice-Presidents, and an anonymous friend designated as "H," to each of whom your Committee express their grateful thanks.

Annual Subscribers are specially asked to refer to pages 50-51 of this Report, which explain the method whereby their subscriptions can be substantially increased by the addition of Income Tax which can be recovered by the Hospital, whilst the donor also benefits by the deduction of the gross amount from his or her Tax Return.

It is however, not so satisfactory to report that the Hospital's net income from Investments, etc., was £213 8s. 6d. less than in 1935. More than £120 of this reduction must, unfortunately, be considered as a permanent loss of annual income, owing to the necessary reinvestment of a large capital sum at a lower rate of interest, and the deficiency thus arising emphasises the Hospital's need for further gifts of money for the purposes of Endowment.

Royal Gifts.

His Majesty The King graciously sent a gift of £5 towards the Christmas Entertainment of the children, and the continued interest of Her Majesty Queen Mary, as President of the Hospital, was evidenced by gifts of toys and presentation mugs for the children, and a very acceptable present of books for the nurses.

Donations.

Especial thanks are tendered to the Trustees of Smith's (Kensington Estate) Charity, for a very welcome Award of £200, and to Mrs. C. M. Winsloe for her generous gift of £50.

The Committee express their appreciation of the financial support given by many donors, amongst whom the following are particularly mentioned :—

	£	s.	d.
King Edward's Hospital Fund for London ...	450	0	0
Chelsea Gaumont Theatre	337	7	2

Skinnners, The Worshipful Company of	10	10	0
S. D. R. S. D.	10	0	0

Endowments.

An additional sum of £150 was invested on account of the Endowment of a Cot by the Rotary Club of Chelsea, thus raising the capital sum from £550 to £700 of the £1,000 required. A successful Dance, organized by the members of the Rotary Club, at Chelsea Town Hall, in December, realized over £100, and was chiefly responsible for this further contribution.

Legacies.

The total of £2,714 14s. 7d. received from Legacies and Awards from Charitable Bequests was larger than in any year since 1929, and was entirely responsible for the Hospital's credit balance at the end of the year.

The first instalment of the Bequest from the Estate of the late Mme. Sorreze arrived at a most opportune time and enabled the Hospital to meet its current liabilities and to repay the loan which had been incurred for this purpose. The list of Legacies is as follows :—

			£	s.	d.
Butler, Mrs. E.	Exors. of	...	50	0	0
Cope, Mr. T. E.	"	...	30	4	10
Gardiner, Mr. James	"	...	250	0	0
Mackintosh, Mrs. E.	"	...	100	0	0
Peech, Mr. Henry	"	...	87	7	11
Sorreze, Mme.	"	...	2197	1	10

Benefactors desirous of making bequests to charity by Will are specially asked to bear in mind, at the appropriate time, the needs of Cheyne Hospital.

Pound Day.

The Annual "Pound Day" (which had lapsed in 1935 for reasons stated in our last Report) was held rather earlier than usual, on May 28th, and although fewer visitors attended, the results were again very satisfactory, gifts amounting to £304 19s. 1d. in cash, and some 326lbs. of household commodities being received.

Once again your Committee express their very grateful thanks to its Treasurer for a special Pound Day gift of £200.

Rheumatism Research Fund.

The important work of investigation into the causes of rheumatism in childhood, for which purpose this Fund was established in 1934, at the suggestion of Dr. Wilfrid Sheldon, has been continued by the Research Officer, Dr. Philip Evans, during the year, and a summary of his work appears on another page.

The funds at the disposal of your Committee for this purpose are very limited, and a special appeal is made to all who are interested in the welfare of children and the science of preventive medicine to assist this valuable work by sending donations (which should be specially designated) towards the considerable expenditure involved.

Education of the Children.

Both Cheyne Hospital and its Branch at St. Nicholas are recognized by the Board of Education as Schools for Physically Defective Children, and their tuition in the usual subjects, including various forms of Handicraft, has been continued during the past year.

Thanks are due to Mr. H. A. Rauthmell, a member of the Education Committee, for kindly providing prizes for essay competitions among the children.

Ladies Committee.

The Ladies Committee have continued to hold their Meetings, at which matters concerning the household management of the Hospital, and also certain cases of

after-care are considered. Several members, including Mrs. D. P. Chapman, Mrs. Gladwyn Jebb and Miss Macnamara have resigned during the year owing to their inability to attend regularly, and the vacancies thus arising have not yet been filled.

Medical Staff.

Your Committee are pleased to welcome as an additional member of the Staff, Mr. C. W. Flemming, F.R.C.S., who has been elected as an Assistant Surgeon.

Committee of Management.

In accordance with the Rules, three members, Miss Playfair, Mr. Edwin Fisher and Mr. Reginald Blunt, retire from the Committee of Management in the order of priority of their election, and are eligible for re-appointment at the Annual Meeting.

An Invitation.

The Hospital is open to Visitors from 3.30 to 4.30 on the afternoons of Mondays, Wednesdays, and Saturdays, in each week, and the Committee would be grateful if more of their friends and supporters would occasionally spare an hour to see the Wards and something of the Hospital's special work for children. Such visits would, they are sure, have an interest which the dry statistics of an Annual Report cannot hope to elicit ; they would be valued by the Management, appreciated by the Nursing Staff, and looked forward to by many of the little patients who remain long enough to remember and to welcome those who come to see them.

ST. NICHOLAS (BRANCH) HOSPITAL.

The average length of stay of each patient at the Branch Hospital, near the sea in Thanet, was slightly less than seven months. Eighty-seven patients were under treatment.

During the last two years a number of children have been sent to St. Nicholas Hospital from the Midlands, by arrangement with the Almoner of Birmingham

Children's Hospital, from whose Report the following paragraph is of interest :—

“The special cases sent to Birchington have stayed “at least six months, some for eight months or longer, “as the Doctor in attendance thought advisable. All “the children who have returned have benefited “greatly, and in some cases no further attendance at “Hospital has been necessary. One of the children “writing to his mother, said he had slept the whole “night through, and had not coughed once, which “greatly impressed him, also the parents.”

Formation of a Local Committee.

The Committee of Management have for some time desired the formation of a Local Committee at St. Nicholas which could meet occasionally at the Hospital and deal directly there with matters which may need consideration from time to time.

A Local Committee has accordingly been formed and has held four Meetings during the year. Mrs. Bradford, of Canterbury, has been elected Chairman.

Medical Officer.

Dr. W. Boyle Norcott, who had acted as Medical Officer to the Branch Hospital since 1928, resigned his appointment on leaving the district, and your Committee express their acknowledgment of his services and of the helpful interest shewn by Mrs. Norcott and himself in supporting local efforts in aid of the Hospital.

Dr. Alan M. Bowie, of Birchington, has been elected to fill the vacancy.

Garden Fête.

A highly successful Garden Fête was held at the Hospital on July 2nd. The opening ceremony was performed by Lady Davis, of Chilham Castle, and although the weather was not sufficiently favourable to allow the use of the delightful garden (the Stalls being accommodated under cover in one of the Wards), the financial results were very satisfactory, a net sum of £150 1s. 8d. being realized.

The cordial thanks of the Committee are tendered to the Stallholders and many other friends who helped to make the occasion so great a success, and also to the Matron (Miss Bohannan) and Sister Brady for their individual effort in raising about £60 by means of a competition, and thus materially increasing the proceeds of the Fête.

General.

Miss G. A. Brady, who had held the post of Sister at St. Nicholas for 20 years, retired at the end of August. Coming to the Hospital in 1916, during the difficult War years, Sister Brady remained to render valuable assistance and always maintained a lively interest in promoting the welfare of St. Nicholas, and your Committee place on record their appreciation of her services.

Your Committee have deemed it advisable, having regard to the increasing development of the village of St. Nicholas and its immediate vicinity, to purchase an additional half-acre of land adjoining the Hospital premises, thus extending the piece of ground acquired six years ago. It is considered that with this addition, the Hospital is now adequately safeguarded against the disadvantage of being closely 'built-in' at some future time.

On behalf of the Committee of Management.

Chairman.

Treasurer.

RHEUMATISM RESEARCH FUND.

REPORT OF INVESTIGATIONS DURING 1936.

DR. P. R. EVANS has continued his investigations of the possibility that a filtrable virus is concerned in the production of acute rheumatism. He has been working at the Lister Institute with Dr. G. Hardy Eagles and in conjunction with Dr. John Keith of the Children's Hospital, Birmingham.

Attempts have been made to obtain pure suspensions of virus particles from rheumatic effusions by differential centrifugation. This procedure, which has been used satisfactorily in the study of many known viruses, produced suspensions of particles which resembled, in ultra-microscopic appearance, virus elementary bodies. Control studies, however, showed that the appearance was not sufficiently specific to make positive identification possible. The suspensions were then tested with rheumatic and other blood sera. Sera from acute rheumatism with carditis, and from some cases of rheumatoid arthritis, have been found to agglutinate the suspended particles, while other sera have been inactive.

This, is, at present, the strongest evidence obtained that the particles are, in fact, causative agents. Skin tests with the suspensions have given negative results.

This work is of considerable interest. It modifies, confirms and extends previous research.

Treatment of the rheumatic infection will remain extremely difficult until much more is known of its origin, and this investigation is directed along a promising line.

WILFRID SHELDON, M.D.

AN APPEAL.

The funds at the disposal of the Committee for the continuance of this important work are very limited. Further gifts (which should be specially designated) will be gratefully acknowledged by the Secretary.

OBJECTS OF THE HOSPITAL.

CHEYNE HOSPITAL was established in 1875 for the reception of Children suffering from Chronic and Incurable Disease, and who are on that account ineligible for or discharged from General Hospitals.

In this respect it may be said that the work of Cheyne Hospital begins where that of the General Hospitals ceases, but so successful has this work become that the word "Incurable" was deleted in 1920 from the title of the Hospital where it once appeared.

Although many of the patients are beyond hope of ultimate recovery, it is found that medical skill and careful nursing, together with good food and ventilation, which often cannot be obtained in the homes of the poor, will always greatly alleviate suffering; while some cases can be successfully treated, which, requiring for their cure a longer time than can be spared to them in General Hospitals, receive here continuous care for an indefinite period. **Over 85 per cent. of the patients treated have been discharged in a cured or relieved condition.**

SPECIAL NOTE.

The Committee of Cheyne Hospital desire to state that, owing to the special character of this Institution, it is not considered advisable to give "Letters of Recommendation" to those who kindly contribute. Such Letters are of little value, unless they carry a reasonable probability of early admission or relief; indeed they are useless, because they would appear to give a promise which may not be fulfilled, and would thus lead to disappointment and misunderstanding.

As the main object of Cheyne Hospital is to undertake the care and treatment of cases of deep-seated or incurable disease, which General Hospitals do not accept, and to keep them for lengthy periods, it will be obvious that changes are slow and vacancies fewer than in most Hospitals. The *average* length of Patients' stay in the Hospital is usually about six months, while many of the children remain for longer periods.

Subscribers are invited to write in reference to any case in which they may be interested, to the Secretary, who will, should it appear *prima facie* eligible, forward a copy of Form of Medical Certificate, on return of which duly filled in, the child's name will be added to the list for examination and admission when vacancies arise, and in accordance with the privileges of Donors and Subscribers (see pp. 23-24). More than this cannot satisfactorily be promised, and the Committee feel it due to their many and generous friends to make their position in this matter clear.

RULES FOR THE ADMISSION OF PATIENTS.

1—Children eligible for admission are those who have been rejected or discharged from a General Hospital, or who are considered to be unsuitable for treatment in such Hospitals.

2—Cases of Pulmonary Tuberculosis, Epilepsy, Hydrocephalus, Mental derangement or deficiency, all infectious cases, and Cripples not requiring Surgical Treatment, are not eligible.

3—Age Limits.—Children eligible are those between 3 and 13 years of age (*i.e.*, up to the 14th birthday), those recommended by Governors or Subscribers taking precedence. Patients are not retained after the age of sixteen, except by special sanction.

4—Applicants for admission may be required to be brought to the Hospital for Medical examination before they can be admitted.

5—The expenses of admission and removal must be defrayed by the parents or friends of the child. Any child who has been admitted to the Hospital, but who subsequently proves unsuitable from any cause, may be discharged upon three days' notice, sent by post to the last furnished address of the parent or guardian.

6—A Medically Signed Report certifying the Negative Result of the examination of swabs taken from both the nose and the throat of the child within four days of admission, also a certificate that the patient has not been suffering from any infectious disease, nor been exposed to infection, must be signed by a responsible person cognisant of the facts, and brought with the child on admission.

7—The payment of Seven Shillings a week (a small proportion of the actual cost) is required from the Parents or Friends of the Patients.*

The Guarantor will also be responsible for the cost of such Surgical Appliances or Splints as may be ordered for the patient by the Medical Officer.

8—Forms of Medical Certificate and Guarantee (to be obtained from the Secretary) must be duly filled in and signed by a qualified Medical Practitioner and responsible Guarantor respectively, and returned to the Secretary of the Hospital prior to admission.

The Guarantor should be a householder (or the wife of a householder) rated at £40 or more per annum. Unless the parents make regular weekly payments at the Hospital, the Guarantor is requested to arrange to receive the contributions and remit the maintenance charge quarterly.

9—The Committee reserve power to refuse the name of any Guarantor without reason assigned, or to require a Guarantor to furnish references for the necessary security to their satisfaction.

10—No Guarantee shall be withdrawn without one month's previous notice in writing to the Secretary of the Hospital.

11—Any alteration in the address of the patient while awaiting admission or in Hospital shall be at once notified to the Secretary.

* Certain Free and Assisted Cots have been founded for specially necessitous cases. Applications for vacancies in these Cots must be accompanied by full particulars of the circumstances of the family; and it must be borne in mind that the Committee have only a limited number of these Cots at their disposal.

“GODMOTHERS.”

The “Godmother” plan was started some years ago, primarily for the purpose of supplying garments for the children, and also of assisting the funds of the Hospital.

Ladies (or gentlemen) are asked to become “Godmother” (or “Godfather”) to a particular child, and

(a) To take an interest in the child, and to keep in touch with it when it leaves the Hospital ;

(b) To help as far as possible by providing some clothing ;

and/or

(c) To give a Donation to the Sister of the Ward for the latter purpose.

Donations given for the purchase of clothing may be allocated to the “Godmother” Clothing Fund for the Ward concerned, and administered by the Sister-in-Charge for this purpose as occasion may require.

Further particulars of the Scheme, and also as to Clothing required can be obtained upon application to The Matron at the Hospital (Tel.—Flaxman 3589).

SUBSCRIBERS CAN SAVE INCOME-TAX AND SUPER-TAX ON ANNUAL SUBSCRIPTIONS.

IN certain circumstances, Cheyne Hospital can, by the recovery of Income Tax on Annual Subscriptions, increase the amount given by a Subscriber, who can personally benefit by the deduction of the total credited amount from his Super-Tax Return.

This valuable concession was granted to Hospitals, as Charitable Institutions, under the provisions of the Finance Act, 1927, and with Income Tax at the present rate of 5/- in the £ Annual Subscriptions are increased by one-third of their net value.

For example, if a contributor fills in the figure £5 5s. (other amounts being in proportion—*see table below*) in the Form of Covenant shewn opposite (which should be executed under seal), the result would be :—

- (a) The subscriber sends a cheque for £5 5s., with a certificate that he has paid income tax on the amount; (the Hospital can supply forms of certificate, if desired).
- (b) Cheyne Hospital recovers the income tax from Somerset House ;
- (c) The donor appears as a subscriber of £7 ;
- (d) The donor can deduct £7 from his return for super-tax.
- (e) Cheyne Hospital thus receives a further £1 15s. 0d. on a subscription of £5 5s. 0d.

On an Annual Sub- scription of			Income Tax recover- able by the Hospital to the amount of (at 5/- in the £)			Making the subscriber's total gift to the Hospital each year

REPORT FOR 1936.

The Committee of the St. Nicholas Cot League have pleasure in presenting their Annual Report, together with the Statement of Accounts for the year 1936.

The “St. Nicholas,” “St. Thomas” and “St. Augustine” Free Cots were occupied for the greater part of the year by one or other of nine children, all from poor homes in Canterbury, thus relieving the parents from financial responsibility whilst their children were benefiting from their stay in Hospital.

The total receipts, including subscriptions, donations, etc., amount to the sum of £82 12s. 0d.

The thanks of the Committee are due to all those who have so kindly contributed to this excellent result, and they would especially like to express their gratitude to Mr. Carleton Paget, who sent, through Mrs. Champion, a generous donation of £15.

Added to this unexpected and most welcome gift, the Hon. Secretary has much pleasure in recording that a sum of £18 10s. 0d. was realized at the St. Nicholas Hospital Garden Fête. This substantial amount being the proceeds of the Cot League Toy Stall. Miss Laurie would like to thank all those friends who sent gifts to the Stall and also all purchasers who so kindly bought the toys on the day of the Fête.

Thanks are again due to Messrs. Reeves & Young, for their kind help in auditing the accounts.

It will be much appreciated, if, when you have read this Report, you will kindly pass it on to someone whom you think might become interested in Cheyne Hospital.

The Secretary will also be grateful to anyone who will send him, in confidence, the name and address of a friend who may be likely to subscribe to the Hospital.
